Attn: Johnny Quarles

SUBJECT: Location and Design Approval

This project consists of intersection improvements at SR307/ Dean Forest Road and CS586/ Old Louisville Road. The project proposes to add right turn lanes along the north and southbound approaches of existing SR307/ Dean Forest Road and a single right turn lane along the westbound approach of existing CS586/ Old Louisville Road. Minor improvements will be constructed along the eastbound approach of existing CS586/ Old Louisville Road to add curb and gutter along the radius returns on both sides of the roadway. The proposed shoulders along SR307/ Dean Forest Road will be 12 feet and will include curb and gutter with a 5 foot wide sidewalk only within the radius of the intersection. A traffic signal is also proposed at this intersection.

This project is classified as a minor project, and as stated in the Plan Development Process (PDP) the Request for Location and Design for minor projects should be submitted at the time of the Concept Report. However the Notice of Location and Design Approval included in the approved Concept Report was never executed. The District Office has no record of the Location and Design Notice being advertised. Please provide this office with a Notice of Location and Design Approval with the approval date of November 1, 2001 and transmit the Notice to the District Office for publication and advertisement as specified in the PDP. The Concept Report was approved on November 1, 2001.

If you have any questions, please contact Albert Welch or Larry Smith at 404-656-5447.

NOTICE OF LOCATION AND DESIGN APPROVAL

**STP00-0004-00(046), Chatham County
P.I. No. 0004046**

SR307/ DEAN FOREST ROAD @ CS586/ OLD LOUISVILLE ROAD

Notice is hereby given in compliance with Georgia Code 22-2-109 that the Georgia Department of Transportation has approved the Location and Design of the above referenced project.

The date of location approval is APRIL 30, 2008.

This project consists of intersection improvements at SR307/ Dean Forest Road and CS586/ Old Louisville Road. The project is located south of the Savannah International Airport and south of Savannah and west of Garden City. The total project length is 0.356 miles. The project lies entirely within Chatham County in Georgia Military District 8.

The project proposes to add right turn lanes along the north and southbound approaches of existing SR307/ Dean Forest Road and a single right turn lane along the westbound approach of existing CS586/ Old Louisville Road. Minor improvements will be constructed along the eastbound approach of existing CS586/ Old Louisville Road to add curb and gutter along the radius returns on both sides of the roadway. The proposed shoulders along SR307/ Dean Forest Road will be 12 feet and will include curb and gutter with a 5 foot wide sidewalk only within the radius of the intersection. A traffic signal is also proposed at this intersection.

Drawings, maps, or plats of the proposed project, as approved, are on file and are available for inspection at the Georgia Department of Transportation:

Troy Pittman
District 5, Area 5 Engineer
trpittman@dot.ga.gov
Georgia Department of Transportation
P.O. Box 1212
Savannah, GA 31402
(912) 651-2144

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:

James B. Buchan, P.E.
State Urban Design Engineer
bbuchan@dot.ga.gov
Georgia Department of Transportation
No. 2 Capitol Square, S.W. Room 356
Atlanta, GA 30334-1002
(404) 656-5436

Any written request or communication in reference to this project or notice SHOULD include the Project and P. I. Numbers as noted at the top of this Notice.
