

NOTICE OF LOCATION AND DESIGN APPROVAL

CSSTP-0006-00(864) FULTON COUNTY
P. I. NO. 0006864

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is February 9, 2012.

The purpose of this project, which is located in Fulton County, Land Lots 49, 50, 79 and 80, is to make improvements to the intersection of SR 154 with Cedar Grove Road and Ridge Road by replacing the five leg stop controlled intersection with a single lane roundabout. The intersection will be shifted north of its current location with the east approach of CR 1376/Cedar Grove Road teeing into SR 154 just south of the proposed roundabout. CR 1374/Ridge Road and CR 1376/Cedar Grove Road (west approach) will intersect SR 154 at the proposed roundabout. SR 154 will consist of 2-12-ft lanes with 6.5-ft paved shoulders and a 14-ft left turn lane south of the roundabout for the east approach of CR 1376/Cedar Grove Road. CR 1376/Cedar Grove Road and CR 1374/Ridge Road will both consist of 2-11-ft lanes with 2-ft paved shoulders. The east approach of CR 1376/Cedar Grove Road will also have a designated right turn lane.

The length of this project is approximately .947 miles and is located in the unincorporated City of Fairburn. All existing approaches to SR 154 at the existing five-leg intersection will be closed and the pavement will be removed.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
