SUBJECT Request for Location and Design Approval

Description and Project Proposal:

This project will include the installation of sidewalks, curbing and gutters, lighting, and pedestrian amenities along Carlos Avenue beginning at the intersection of Toombs Street to the intersection of Jefferson Street. The project will also include installing sidewalks along Jefferson Street to connect the sidewalks along Carlos to the existing community center located on Jefferson. These sidewalks will start at the intersection of Jefferson Street and Carlos Avenue and terminate mid-block of Jefferson Street. The project will also include upgrading the deficient lighting system in the target area. Landscaping and irrigation may also be added along Carlos Avenue. Due to Wheeler Avenue's dislocation from the main project area and the lack of right-of-way on this street, no improvements will be made along Wheeler Avenue. This project is located in the City of Ashburn GA, Turner County. It is in the 2nd Land District, Land Lot No. 133, and GA. Militia District 1624. The proposed project will be approximately 0.16 miles in length.

Concept Approval Date: June 4, 2012

Concept Update: N/A

Environmental Document:

Document Type: Programmatic Categorical Exclusion

Approval Date: 05/29/2013

Temporary State Route Needed: No Yes Undetermined

Public Involvement: N/A

Consistency with Approved Planning: The design description as presented herein and submitted for approval is consistent with the approved Concept Report.

Recommendations: Recommend that the location and design for the project be approved and that the attached Notice be approved for advertising.

NOTICE OF LOCATION AND DESIGN APPROVAL

CSHPP-0007-00(579), TURNER

P.I. 0007579

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: Dec. 10, 2013

This project will include the installation of sidewalks, curbing and gutters, lighting, and pedestrian amenities along Carlos Avenue beginning at the intersection of Toombs Street to the intersection of Jefferson Street. The project will also include installing sidewalks along Jefferson Street to connect the sidewalks along Carlos to the existing community center located on Jefferson. These sidewalks will start at the intersection of Jefferson Street and Carlos Avenue and terminate mid-block of Jefferson Street. The project will also include upgrading the deficient lighting system in the target area. Landscaping and irrigation may also be added along Carlos Avenue. Due to Wheeler Avenue's dislocation from the main project area and the lack of right-of-way on this street, no improvements will be made along Wheeler Avenue. This project is located in the City of Ashburn GA, Turner County. It is in the 2nd Land District, Land Lot No. 133, and GA. Militia District 1624. The proposed project will be approximately 0.16 miles in length.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
