DEP CLERK, MONROE COUNTY
JUVENILE COURT

**11-634
NOTICE OF LOCATION AND
DESIGN APPROVAL
CSSFT-0008-00(884), Monroe
County**

P. I. NUMBER 0008884
Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is December 7, 2011.

The proposed project will improve the intersection of State Route 87 Connector and State Route 18. This project is located within land lots 216 and 226 in Monroe County.

The project will take place between mile point 18.53 and mile point 18.71. The intersection of State Route 87 at State Route 18 currently functions as a four-way stop controlled intersection. State Route 87 is a two-lane roadway with rural shoulders and is classified as a Rural Minor Arterial. State Route 18 is a two-lane roadway with rural shoulders and is classified as a Rural Major Collector. The proposed project will consist of constructing a single lane roundabout.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

Sheldon Minor
District 3, Macon Area Engineer
E-Mail: sminor@dot.ga.gov
4499 Riverside Drive
Macon, Ga 31210
Phone: (478) 757-2601

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:
Bobby Hilliard, P.E.
State Program Delivery Engineer
Office of Program Delivery
Email: bhilliard@dot.ga.gov

noted at the top of this notice.

**11-633
NOTICE OF THE OPPORTUNITY
FOR PUBLIC COMMENT
GEORGIA DEPARTMENT OF
NATURAL RESOURCES
ENVIRONMENTAL PROTECTION
DIVISION
AIR PROTECTION BRANCH
STATE OF GEORGIA
COUNTY OF MONROE
NOTICE OF DRAFT TITLE V
OPERATING PERMIT**

To All Interested Parties:

The Georgia Environmental Protection Division announces its intent to issue a Title V Air Quality Operating Permit to Smarr Energy Facility. The facility is located at 1077 Rumble Road, Smarr, Georgia. The primary purpose of this permit is to identify and consolidate existing State and Federal air requirements applicable to Smarr Energy Facility and to provide practical methods for determining compliance with these requirements. The Georgia Environmental Protection Division (EPD) is preparing Title V Operating Permits in accordance with Title V of the Clean Air Act. This permit will be enforceable by the Georgia EPD, the U.S. Environmental Protection Agency, and other persons as otherwise authorized by law.

Smarr Energy Facility is a peaking power generation facility that provides approximately 212 megawatts of electric power for sale. The draft permit and all information used to develop the draft permit are available for review. This includes the application and all other relevant materials available to the permitting authority. This information is available for review at the office of the Air Protection Branch, 4244 International Parkway, Atlanta Tradeport - Suite 120, Atlanta, Georgia 30354. Copies of the draft permit, narrative, and permit application will be available through our internet site <http://www.georgiaair.org/airpermit/html/permits/draft>. (Please note that the Internet is generally accessible from most public libraries in Georgia.)

If copies are desired, a copying machine for public use is provided by EPD at the Atlanta Air Protection Branch office. There will be a copying charge of \$0.25 per page. Copies will be made on a first-come, first-served basis. Files are available for review and copying 8:30 a.m. to 4:00 p.m., Monday - Friday, excluding holidays.

You are hereby notified of the opportunity to submit written public comments concerning the draft Title V Air Quality Operating Permit. Persons wishing to comment on the draft Title V Operating Permit are required to submit their comments, in writing, to EPD at the above Atlanta Air Protection Branch address. Comments must be received by the EPD no later than 30 days after the date on which this

**165
Miscellaneous**

that date.

Any requests for a public hearing must be made within the 30-day public comment period. A request for a hearing should be in writing and should specify, in as much detail as possible, the air quality related issues that constitute the basis for the request. Where possible, the individual making the request should also identify the portion(s) of the Georgia Rules for Air Quality Control and/or the Federal Rules that the individual making the request is concerned may not have been adequately incorporated into the draft permit. If a public hearing on the draft Title V Operating Permit is to be held, the date, time, and location of the hearing will be provided in a subsequent, separate public notice. At that hearing, anyone may present data, make a statement or comment, or offer a viewpoint or argument either orally or in writing concerning the draft Title V permit. During the Division's decision-making procedures to issue the Title V permit, any information received during a public hearing will be considered together with information received during the comment period.

Following this 30 day public comment period, the draft permit will undergo a 45 day review by U.S. EPA in accordance with 40 CFR 70.8. Information pertaining to U.S. EPA's review period can be found on their website at www.epa.gov/region4/air/permits. After the comment period has expired, the EPD will consider all comments, make any necessary changes, and issue the Title V Operating Permit. Copies of the final Title V Operating Permit, comments received, EPD's responses to comments, and any other relevant information will then be made available for public review during normal business hours at the office of the Air Protection Branch. A summary of comments and any changes made to the final permit will be found in an addendum to the narrative. A copy of this narrative and the final Title V permit will be added to the information already available at the internet address given above.

For additional information, contact the manager of the Stationary Source Permitting Program, at the Atlanta address, or by phone at 404/363-7000. Please refer to this notice when requesting information.

12-005 NOTICE OF REQUEST FOR QUALIFICATIONS

By way of this Notice of Request for Qualifications, Brentwood Partners, L.P. (hereinafter the "Partnership") is seeking responses to a Request for Qualifications ("RFQ") to pre-qualify multifamily general contractors. Services to be performed include the construction of a seventy-nine (79) unit multifamily development, a community building, sidewalks, drives and related site work located at the intersection of S. Jackson Street and Brentwood Place in Forsyth, Monroe County, Georgia (hereinafter the "Property").

The purpose of this RFQ is to obtain information that will enable the Partnership to select from pre-qualified multifamily general contractors with the financial capacity and experience to complete the timely construction of a seventy-nine (79) unit multifamily development, a community building, sidewalks, drives and related site work on the property.

This RFQ is the first of a two-step competitive process outlined below: Statement of Qualifications ("SOQ"): A company, entity or individual (hereinafter, the "Respondent") must first respond to the items listed in the RFQ.

Invitation for Bids ("IFB"): The Partnership will then issue an IFB to those Respondents that are approved and selected by the RFQ review process as pre-qualified multifamily general contractors (hereinafter, the "Pre-Qualified General Contractors"). The IFB will contain a full description of all associated contract documents, plans and specifications, surveys, and reports (the "Scope of Work") to allow the Pre-Qualified General Contractors to submit sealed bids to the Partnership.

The Partnership has contracted with the following third party professionals for the completion of the Project: an architect (Pucciano & English, Inc. or "English"), an environmental soils consultant (Geotechnical & Environmental Consultants, Inc. or "GEC") and Tapestry Development Group, Inc. ("Tapestry") (hereinafter the "Consultants") who have prepared the contract documents associated with the Project. The Consultants will assist the Partnership with monitoring the timely completion of the Project.

The Partnership intends to award one contract to a Pre-Qualified General Contractor through a sealed bid process.

Interested parties may obtain a copy of the RFQ by contacting Bruce Gerwig at bgerwig@maconhousing.com or by calling (478) 752-5060.
