NOTICE OF LOCATION AND DESIGN APPROVAL

PROJECT NO. CSSFT-0009-
00(846), COLQUITT COUNTY
P. I. NO. 0009846

Notice is hereby given in compli-
ance with Georgia Code 22-2-
109 and 32-3-5 that the Georgia
Department of Transportation
has approved the Location and
Design of this project.

The date of location approval is
August 9, 2013.

This project proposes to design
and construct a roundabout to re-
duce the crash frequency and
severity and improve the opera-
tion of the SR33/US 319 Busi-
ness Intersection. This project is
located on the northern edge of
the city limits of Moultrie and is
within Colquitt County. The
project lies within Land Lot 245 of
the 8th Land District.

The existing SR33/US 319 Busi-
ness Intersection will be re-
placed by a single lane round-
about. Some of the existing right
turn bypass lanes within the
project limits will be adjusted to
have larger radii and a wider
roadway width. The shoulders on
all typical sections within the
project limits along the side street
approaches will provide 16 foot
urban border areas with a 6 foot
grass strip and 5 foot wide side-
walk.

Drawings or maps or plats of the
proposed project, as approved,
are on file and are available for
public inspection at the Georgia
Department of Transportation:
