NOTICE OF DETOUR REPORT
APPROVAL
COBB COUNTY E4010
P.I. NUMBER: 0010167**

Notice is hereby given that the Georgia Department of Transportation has approved the use of and the routing of a detour for this project.
The date of the detour approval is:
May 17, 2013

Project Description: The proposed project consists of a new alignment in northern Cobb County with a grade separation over I-75 that connects Frey Road to Townpark Lane. The project also includes slip ramps connecting the I-75 southbound exit ramp to Frey Road and Busbee Drive to the I-75 northbound entrance ramp. A traffic signal on Frey Road will be relocated to better accommodate the proposed new alignment. A roundabout is included at the Skip Spann/Busbee Drive intersection. Resurfacing and restriping will be necessary along Frey Road and Busbee Drive.

Detour Route: The location of the proposed roadway closure is to the north of the existing intersection of Busbee Drive and Townpark Lane. The detour follows the following route:

From Busbee Drive south of the closure location, motorists wanting to head north can take Townpark Lane to George Busbee Parkway and turn left on George Busbee Parkway.

From points north, motorists can travel south on George Busbee Parkway, then turn right on Townpark Lane to access Busbee Drive.

Drawings of the proposed project and approved detour plans are on file and are available for public inspection at the Georgia Department of Transportation and Cobb County DOT.
