**NOTICE OF LOCATION AND DESIGN APPROVAL
P.I. NO. 0010242
GWINNETT COUNTY**

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is **December 31, 2013.**

The project is located in Land Lots 269 and 294 in the 7th District, City of Buford, Gwinnett County, Georgia. The proposed streetscape and sidewalk improvement extend along South Lee Street approximately 4,750 linear feet (0.9 miles) from its intersection with Buford Highway to West Moreno Street. The project will construct new or expanded sidewalks along both sides of the corridor using a combination of brick and concrete. In addition, these improvements would include planting street trees and shrubs within a 4' pedestrian buffer zone and a center median, and it would install raised curbs, defined pedestrian crossings and shared lane bicycle markings, pedestrian scale lighting and other street furnishings, and ADA-accessible curb ramps. Concurrent with this work, storm sewer upgrades would be completed with project funding, and existing overhead utilities would be buried by the City with local funds in order to enhance the corridor's aesthetics while removing other pedestrian impediments. Improving pedestrian facilities along South Lee Street would facilitate greater connectivity between historic commercial uses along Main Street, as well as the goods and services located along Buford Highway. Using these two activity nodes as this project's northern and southern termini would provide a stronger, more helpful, linkage to Buford's historic neighborhoods, and more balanced transportation alternatives for all of South Lee Street's users.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
Matthew Needham, Area Engineer
Georgia Department of Transportation

**NOTICE OF LOCATION
AND DESIGN APPROVAL
P.I. NO. 0010242
GWINNETT COUNTY**

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is December 31, 2013.

The project is located in Land Lots 269 and 294 in the 7th District, City of Buford, Gwinnett County, Georgia. The proposed streetscape and sidewalk improvement extend along South Lee Street approximately 4,750 linear feet (0.9 miles) from its intersection with Buford Highway to West Moreno Street. The project will construct new or expanded sidewalks along both sides of the corridor using a combination of brick and concrete. In addition, these improvements would include planting street trees and shrubs within a 4' pedestrian buffer zone and a center median, and it would install raised curbs, defined pedestrian crossings and shared lane bicycle markings, pedestrian scale lighting and other street furnishings, and ADA-accessible curb ramps. Concurrent with this work, storm sewer upgrades would be completed with project funding, and overhead utilities would be buried by the City with local funds in order to enhance the corridor's aesthetics while removing other pedestrian impediments.

Improving pedestrian facilities along South Lee Street would facilitate greater connectivity between historic commercial uses along Main Street, as well as the goods and services located along Buford Highway. Using these two activity nodes as this project's northern and southern termini would provide a stronger, more helpful, linkage to Buford's historic neighborhoods, and more balanced transportation alternatives for all of South Lee Street's users.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation: Matthew Needham, Area Engineer Georgia Department of Transportation 2594 Gillisville Highway Gainesville, GA 30507 mneedham@dot.ga.gov (770) 535-5759

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to: Bryan Kerlin, City Manager City of Buford City Hall 2300 Buford Highway Buford, GA 30518 bkerlin@cityofbuford.com (770) 945-6761

Any written request or communication in reference to this project or notice SHOULD include the Project and P. I. Numbers as noted at the top of this notice. 928-169900, 1/9,16,23,30

Any written request or communication in reference to this project or notice SHOULD include the Project and P. I. Numbers as noted at the top of this notice. 928-170553, 1/9,16,23,30

PUBLIC NOTICE

For the purpose of establishing communications with its Advance Metering Infrastructure (AMI) and distribution network, Georgia Power Company is proposing to construct a 163-foot overall height monopole communications structure off of Still Road, Dacula, Gwinnett County, Georgia. The pole would be located within an existing substation at this location. The structure would not be lighted.

Georgia Power Company invites comments from any interested party on the impact the proposed undertaking may have on any districts, sites, buildings, structures or objects significant in American history, archaeology, engineering, or culture that are listed or determined eligible for listing in the National Register of Historic Places. Comments pertaining specifically to historic resources may be sent to Environmental Corporation of America, ATTN: Dina Bazzili, 1375 Union Hill Industrial Court, Suite A, Alpharetta, Georgia 30004. Ms. Bazzili can be reached at (770) 667-2040 ext. 111. Comments must be received within 30 days of the date of this notice.

In addition, any interested party may also request further environmental review of the proposed action under the FCC's National Environmental Policy Act rules, 47 CFR §1.1307 by notifying the FCC of the specific reasons that the action may have a significant impact on the quality of the human environment. This request must only raise environmental concerns and can be filed online using the FCC pleadings system at www.fcc.gov or mailed to FCC Requests for Environmental Review, Attn: Ramon Williams, 445 12th Street SW, Washington, DC 20554 within 30 days of the date that notice of this proposed action is published on the FCC's website. Refer to File No. A0873030 when submitting the request and to view the specific information about the proposed action. 928-172131, 1/23

PUBLIC SALES/AUCTIONS

NOTICE OF LOCATION AND DESIGN APPROVAL P.I. NO. 0010242 GWINNETT COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is December 31, 2013.

The project is located in Land Lots 269 and 294 in the 7th District, City of Buford, Gwinnett County, Georgia. The proposed streetscape and sidewalk improvement extend along South Lee Street approximately 4,750 linear feet (0.9 miles) from its intersection with Buford Highway to West Moreno Street. The project will construct new or expanded sidewalks along both sides of the corridor using a combination of brick and concrete. In addition, these improvements would include planting street trees and shrubs within a 4' pedestrian buffer zone and a center median, and it would install raised curbs, defined pedestrian crossings and shared lane bicycle markings, pedestrian scale lighting and other street furnishings, and ADA-accessible curb ramps. Concurrent with this work, storm sewer upgrades would be completed with project funding, and existing overhead utilities would be buried by the City with local funds in order to enhance the corridor's aesthetics while removing other pedestrian impediments.

Improving pedestrian facilities along South Lee Street would facilitate greater connectivity between historic commercial uses along Main Street, as well as the goods and services located along Buford Highway. Using these two activity nodes as this project's northern and southern termini would provide a stronger, more helpful, linkage to Buford's historic neighborhoods, and more balanced transportation alternatives for all of South Lee Street's users.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation: Matthew Needham, Area Engineer Georgia Department of Transportation 2594 Gillisville Highway Gainesville, GA 30507 mneedham@dot.ga.gov (770) 535-5759

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to: Bryan Kerlin, City Manager City of Buford City Hall 2300 Buford Highway

NOTICE OF LOCATION AND DESIGN APPROVAL

P.I. NO. 0010242
GWINNETT COUNTY
Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location approval is December 31, 2013.
The project is located in Land Lots 269 and 294 in the 7th District, City of Buford, Gwinnett County, Georgia. The proposed streetscape and sidewalk improvement extend along South Lee Street approximately 4,750 linear feet (0.9 miles) from its intersection with Buford Highway to West Moreno Street. The project will construct new or expanded sidewalks along both sides of the corridor using a combination of brick and concrete. In addition, these improvements would include planting street trees and shrubs within a 4' pedestrian buffer zone and a center median, and it would install raised curbs, defined pedestrian crossings and shared lane bicycle markings, pedestrian scale lighting and other street furnishings, and ADA-accessible curbs ramps. Concurrent with this work, storm sewer upgrades would be completed with project funding, and existing overhead utilities would be buried by the City with local funds in order to enhance the corridor's aesthetics while removing other pedestrian impediments. Improving pedestrian facilities along South Lee Street would facilitate greater connectivity between historic commercial uses along Main Street, as well as the goods and services located along Buford Highway. Using these two activity nodes as this project's northern and southern termini would provide a stronger, more helpful, linkage to Buford's historic neighborhoods, and more balanced transportation alternatives for all of South Lee Street's users.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
Matthew Needham, Area Engineer
Georgia Department of Transportation
2594 Billville Highway
Gainesville, GA 30507
mneedham@dot.ga.gov
(770) 535-5759
Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:
Bryan Kerlin, City Manager
City of Buford City Hall
2300 Buford Highway
Buford, GA 30518
