Legal Advertising Clerk

Sworn to and subscribed before me this

22nd day of July, 2015.

Notary Public

NOTICE OF LOCATION AND DESIGN APPROVAL ROCKDALE COUNTY P.I. NO. 0011640

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: **June 15, 2015**

Project PI 0011640 will upgrade Hardin Street/O'Kelly Street in Conyers, Georgia to include provisions for continuous bicycle and pedestrian facilities and to improve the operations of the corridor. The project also proposes streetscape improvements in the form of planting strips to be added along the project. This project will also improve the operations of the intersection of O'Kelly Street and Oakland Avenue by constructing a roundabout where there is currently a 4-way stop controlled intersection. The proposed length is approximately 1 mile, beginning at the intersection of Hardin Street and Dogwood Drive and ending at the intersection of O'Kelly Street and Green Street. The project is located in Land District 16.

The construction proposes to construct two 10 foot vehicular lanes and five foot bicycle shoulders with header curb, 5 to 10 foot sidewalks, and 8 foot minimum shoulders. Traffic will be detoured in two locations for a short interval along the corridor just east of Bryant Street to construct a box culvert and also to construct the roundabout at O'Kelly Street and Oakland Avenue utilizing off-site detours.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation, Ira Witherspoon, District 7 Area 1 Engineer
