**NOTICE OF LOCATION AND DESIGN APPROVAL  
P. I. 0012677 Fulton County**

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: December 17, 2015

The project is located 100% in Fulton County in the City of East Point, Land Lots 130, 133, 134, 135, 156, 157, 158, 166, 167, 186, 187.

The proposed project is located in Fulton County in the City of East Point. The approximate length of the project is 3 miles and will consist of traffic signalization upgrades, including LED vehicular signals, countdown pedestrian signals, ADA wheelchair ramps, and crosswalk striping at all 17 intersections.

The project will upgrade equipment, accommodate pedestrians, and update pedestrian facilities to meet current ADA standards. The Office of Traffic Operations has justified these upgrades based on the following deficiencies: pedestrian accommodations, ADA compliance, old conductor cables, 332 cabinet w/2070, support poles/mast arms, utility issues, and signal interconnects.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
