Subject: Georgia Project BRZLB-297(11), Walton County
P.I. No. 170653
CR-261 at Shoals Creek
Categorical Exclusion Determination

Dear Mr. Rives:

Your July 23, 1987 letter provided information in support of a categorical exclusion classification for replacing the existing 53' x 20.3' bridge on CR-261/Dry Pond Road over Shoals Creek with a three barrel 8' x 7' box culvert located along existing alignment. Additional construction easements will be required.

This project meets the criteria of the actions listed in 23 CFR 771.115(b) and is a categorical exclusion. From our review of the information provided, we have also determined that there are no extraordinary circumstances as described in 771.117(c) that would require additional environmental studies.

In accordance with 23 USC 144(h), we have determined that the bridge site included in this project is exempt from U.S. Coast Guard Navigation.

Sincerely yours,

for Dwight Horne

FILE BRZLB-297(11) Walton County OFFICE Preconstruction
P.I. No. 170653 Rank-2
Needs Rating-59 Sufficiency Rating-21.1 DATE July 22, 1987

FROM Alton L. Floyd, Jr., Director of Preconstruction

TO Hal Rives, Commissioner

SUBJECT CO. RD. 261/DRY POND ROAD AT SHOALS CREEK - PROJECT CONCEPT REPORT

This project is the replacement of a narrow and structurally deficient bridge on Co. Rd. 261/Dry Pond Road, a school bus route, at Shoals Creek northeast of Monroe. The existing bridge is 20.3'x53' with timber piles, steel beams and a metal deck with concrete and asphalt overlays. Approaches have 18' to 20' of pavement and variable width shoulders. Current and future traffic is 210 VPD (1988) and 310 VPD (2008).

The proposed replacement structure will be a triple 8'x7'x39' concrete bridge culvert at present location. Approaches will be reconstructed to have 20' of pavement and 4' shoulders for a project length of 0.08 miles. The road will be closed during construction. The estimated cost of the project is:

	<u>PROPOSED</u>	<u>APPROVED</u>	<u>PROG. DATE</u>
Constr(Infl&E/C)	\$83,000	\$76,000	FY 89
Right-of-way	LGPA	LGPA	
Utilities	LGPA	LGPA	

I recommend that we approve this project concept report for implementation. Time saving procedures are appropriate for this project.
