NOTICE OF LOCATION AND DESIGN APPROVAL
PROJECT CSSTP-0006-00(049)
P.I. NO. 0006049

Paulding and Cobb Counties

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is April 25, 2012

The project is located in Cobb and Paulding Counties proposes to reconstruct SR 360 from a two-lane facility to a four-lane, median divided facility with curb and gutter and sidewalks. The project extends from SR120/Charles Hardy Parkway to Lost Mountain Road (SR176). The project is located in Paulding and Cobb Counties in Land Lots 317, 330, 331, 332, 371, 390, 391, 392, 393, 395, 397, 398, 399, 400, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 510.

The project proposes to widen the existing roadway either to the left or right of existing in order to minimize impacts to adjacent properties and environmental resources. The proposed typical section includes two 12-foot lanes in each direction separated by a 20-foot raised grass median with curb and gutter and five-foot sidewalks on both sides of the roadway. The proposed project length is approximately 6.2 miles long with 3.1 miles in Paulding County and 3.1 miles in Cobb County. The speed limit on SR 360 is 45 mph. The existing triple 10-foot by 9-foot culvert at Powder Springs Creek is to be replaced with a new bridge. The existing double 8-foot by 6-foot box culvert at Florence Branch is to be replaced with a 3-sided bottomless culvert. Six side streets are proposed to be realigned to improve skewed intersections: Ragsdale Road, Old Mill Road, Old Atlanta Road, Macland Circle, Bullard Road (South), and Bullard Road (North).

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.

NOTICE OF LOCATION AND DESIGN APPROVAL
STP00-0222-01(001), Cobb County
P. I. No. 752300

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is April 19, 2012

The preferred alternative would modify the existing interchange at I-285 and Atlanta Road and would begin just west of the intersection of Atlanta Road and N. Church Lane and end at the intersection of Atlanta Road and Pine Street for a total length of 0.57 miles. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road for a total length of 1.67 miles. This project is located 100 percent in Cobb County (62% in Congressional District 13 and 38% in Congressional District 6) and Ga. Millitia Districts 992 and 1568. The project is located within Land District 17 and Land Lots 748, 749, 750, 762, 763, 764, 765, 766, 767, 768, 815, 816, 817, 818, 819, 822, 840, and 841 in Cobb County.

The proposed improvements along Atlanta Road include replacing the existing twin bridges with a single, four-span bridge at approximately the same location. A double left-turn bay is proposed for Atlanta Road eastbound to the I-285 northbound entrance ramp.

The northbound entrance ramp would be realigned and modified from a single lane ramp to a two lane ramp to accommodate the left turns. A single left-turn bay is also proposed for Atlanta Road westbound to the I-285 southbound entrance ramp. The southbound entrance ramp would be widened to allow for two lanes before merging to a single lane at the I-285 entrance gore. The I-285 southbound exit ramp would also be widened to accommodate dual left-turn and dual right-turn movements at the terminus.

Additional improvements to Atlanta Road include the construction of a deceleration lane on Atlanta Road westbound from east of the interchange to the I-285 northbound entrance ramp, and the construction of a third lane on Atlanta Road westbound to be added as a free flow right-turn lane from the I-285 southbound off ramp to Pine Street. A short segment of Log Cabin Road would require realignment as a result of the deceleration lane. The proposed lane widths would be 12 feet with 12 foot urban shoulders that include a 5 foot sidewalk. Furthermore, a dual left-turn lane would be provided from Atlanta Road to Pine Street in order to accommodate vehicles entering the West Village development from Atlanta Road westbound.

Improvements to I-285 are also included. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road. To accommodate these proposed auxiliary lanes, the existing Orchard Road (CR 1921) bridge over I-285 would need to be reconstructed at its present location.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.

 The project proposes to widen the existing roadway either to the left or right of existing in order to minimize impacts to adjacent properties and environmental resources. The proposed typical section includes two 12-foot lanes in each direction, separated by a 10-foot raised grass median with curb and gutter, and five foot sidewalks on both sides of the roadway. The proposed project length is approximately 1.2 miles long with 3.1 miles in Paulding County and 3.1 miles in Cobb County. The speed limit on SR 360 is 5 mph. The existing right-of-way is 100-foot. The existing triple 10-foot by 10-foot culvert at Powder Springs Creek is to be replaced with a new bridge over the existing double 8-foot by 6-foot box culvert at Florence Branch is to be replaced with a 3-sided bottomless culvert. Six side streets are proposed to be realigned to improve skewed intersections - Ragsdale Road, Old Mill Road, Old Atlanta Road, Macland Circle, Bullard Road, (South), and Bullard Road (North).
 Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.

NOTICE OF LOCATION AND
STP00-0222-01(001), Cobb County P. I. No. 752300
 Notice is hereby given in compliance with Georgia Code 22-2-100 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
 The date of location approval is April 19, 2012.
 The preferred alternative would modify the existing interchange at I-285 and Atlanta Road and would begin just west of the intersection of Atlanta Road and N. Church Lane and end at the intersection of Atlanta Road and Pine Street for a total length of 0.57 miles. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road for a total length of 1.67 miles. This project is located 100 percent in Cobb County (62% in Congressional District 13 and 38% in Congressional District 15) and Ga. Military Districts 982 and 1568. The project is located within Land District 17 and Land Lots 748, 749, 750, 762, 763, 764, 765, 766, 767, 768, 815, 816, 817, 818, 819, 822, 840, and 841 in Cobb County.
 The proposed improvements along Atlanta Road include replacing the existing twin bridges with a single, four-span bridge at approximately the same location. A double left-turn bay is proposed for Atlanta Road eastbound to the I-285 northbound entrance ramp. The northbound entrance ramp would be realigned and modified from a single lane ramp to a two lane ramp to accommodate the left turns. A single left-turn bay is also proposed for Atlanta Road westbound to the I-285 southbound entrance ramp. The southbound entrance ramp would be widened to allow for two lanes before merging to a single lane at the I-285 entrance gore. The I-285 southbound exit ramp would also be widened to accommodate dual left-turn and dual right-turn movements at the termini.
 Additional improvements to Atlanta Road include the construction of a deceleration lane on Atlanta Road westbound from east of the interchange to the I-285 northbound entrance ramp, and the construction of a third lane on Atlanta Road westbound to be added as a free flow right-turn lane from the I-285 southbound off-ramp to Pine Street. A short segment of Log Cabin Road would require realignment as a result of the deceleration lane. The proposed lane widths would be 12 feet with 12 foot urban shoulders. Furthermore, a dual left-turn lane would be provided from Atlanta Road to Pine Street in order to accommodate vehicles entering the West Village development from Atlanta Road westbound.
 Improvements to I-285 are also included. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road. To accommodate these proposed auxiliary lanes, the existing Orchard Road (CR 1921) bridge over I-285 would need to be reconstructed at its present location.
 Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.

COUNTY OF COBB
NOTICE OF JUDICIAL SALE
"CAVEAT EMPTOR"
In the city of Marietta, Georgia on the 5th day of June, 2012, between the hours of 10:00 am and 4:00 pm, there will be sold at the Cobb County courthouse, at the south end of the courthouse atrium, to the highest bidder for cash, the following property:
All that tract or parcel of land lying and being in Land Lot 321 of the 17th District, 2nd Section, Cobb County, Georgia, being Lot 16, Block B, Stonybrook, Phase IV, formerly Cooper Hill, Unit II, Section 3, as per plat recorded in Plat Book 125, page 90, Cobb County records which plat is by this reference incorporated herein and made a part hereof, being improved property.
Said property is also known as 337 Stonewick Way Marietta, GA 30126. The property will be sold subject to all easements, covenants, restrictions, and encumbrances of record.
The aforesaid property, or a portion thereof, may be possessed by Samuel Zamarron and/or Graciela Zamarron. The property is being levied on to satisfy the F.I.F.A. and the lien in favor of Stonebrook Homeowners Association, Inc. then transferred to Bradford Properties, Inc. ("Plaintiff in F.I.F.A.") against the property of Samuel Zamarron and Graciela Zamarron ("Defendant in F.I.F.A."). The F.I.F.A. was issued in the Superior Court of Cobb County, Georgia, Civil Action File No. 11-1-2903-34, levied on as the property of Defendant in F.I.F.A., notice of levy and sale having been given to the Defendant in F.I.F.A. as required by law. Bradford Properties, Inc. is foreclosing on its secured statutory lien pursuant to O.C.G.A. § 44-3-232.
Note: The judgment holder makes no declaration or warranty of the correctness or completeness of the above information. Said property will be sold subject to all state and county delinquent taxes, and no warranty of title as to defects of title or survey or liens and encumbrances or other title defects will be made in conjunction with the sale.
The Cobb County Sheriff makes no warranties whatsoever as to the above described property. The Sheriff specifically makes no warranty of title as to defects of title or survey or liens and encumbrances or other title defects in conjunction with the sale. The Sheriff reserves the right to reject any and all bids made, regardless of the amount, for the purchase of the above described property.
Purchaser shall pay all costs in connection with the sale.
Govern yourself accordingly.
This the 25th day of April, 2012.

NOTICE OF LOCATION AND DESIGN APPROVAL
PROJECT CSSTP-0006-00(049)
P.I. No. 0006049
Paulling and Cobb Counties
Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location approval is:
April 25, 2012
The project is located in Cobb and Paulling Counties, proposes to reconstruct SR 360 from a two-lane facility to a four-lane, median divided facility with curb and gutter, and sidewalks. The project extends from SR120/Charles Hardy Parkway to Lost Mountain Road (SR176). The project is located in Paulling and Cobb Counties in Land Lots 317, 330, 331, 332, 371, 390, 391, 392, 393, 395, 397, 398, 399, 400, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 510.
The project proposes to widen the existing roadway either to the left or right of existing roadway to reduce impacts to adjacent properties and environmental resources. The proposed typical section includes two 12-foot lanes in each direction, separated by a 20-foot raised grass median with curb and gutter, and five foot sidewalks on both sides of the roadway. The proposed project length is approximately 6.2 miles long with 3.1 miles in Paulling County and 3.1 miles in Cobb County. The speed limit on SR 360 is 45 mph. The existing triple 10-foot by 10-foot culvert at Powder Springs Creek is to be replaced with a new bridge. The existing double 8-foot by 6-foot box culvert at Florence Branch is to be replaced with a 3-sided bottomless culvert. Six sidestreets are proposed to be realigned to improve skewed intersections - Rosedale Road, Old Mill Road, Old Atlanta Road, Macland Circle, Bullard Road (South), and Bullard Road (North).
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

NOTICE OF LOCATION AND DESIGN APPROVAL
STP00-0222-01(001), Cobb County
P.I. No. 752300
Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location approval is:
April 19, 2012
The preferred alternative would modify the existing interchange at I-285 and Atlanta Road and would begin just west of the intersection of Atlanta Road and N. Church Lane and end at the intersection of Atlanta Road and Pine Street for a total length of 0.57 miles. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road for a total length of 1.67 miles. This project is located 100 percent in Cobb County (62% in Congressional District 13 and 38% in Congressional District 6) and GA. Militia Districts 992 and 1566. The project is located within Land District 17 and Land Lots 748, 749, 750, 762, 763, 764, 765, 768, 767, 768, 815, 816, 817, 818, 819, 822, 840, and 841 in Cobb County.
The proposed improvements along Atlanta Road include replacing the existing twin bridges with a single, four-span bridge at approximately the same location. A double left-turn bay is proposed for Atlanta Road eastbound to the I-285 northbound entrance ramp. The northbound entrance ramp would be realigned and modified from a single lane ramp to a two lane ramp to accommodate the left turns. A single left-turn bay is also proposed for Atlanta Road westbound to the I-285 southbound entrance ramp. The southbound entrance ramp would be widened to allow for two lanes before merging to a single lane at the I-285 entrance gore. The I-285 southbound exit ramp would also be widened to accommodate dual left-turn and dual right-turn movements at the terminus.
Additional improvements to Atlanta Road include the construction of a deceleration lane on Atlanta Road westbound from east of the interchange to the I-285 northbound entrance ramp, and the construction of a third lane on Atlanta Road westbound to be added as a free flow right-turn lane from the I-285 southbound off ramp to Pine Street. A short segment of Log Cabin Road would require realignment as a result of the deceleration lane. The proposed lane widths would be 12 feet with 12 foot urban shoulders that include a 5 foot sidewalk. Furthermore, a dual left-turn lane would be provided from Atlanta Road to Pine Street in order to accommodate vehicles entering the West Village development from Atlanta Road westbound.
Improvements to I-285 are also included. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road. To accommodate these proposed auxiliary lanes, the existing Orchard Road (CR 192) bridge over I-285 would need to be reconstructed at its present location.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

NOTICE OF LOCATION AND DESIGN APPROVAL
P.I. No. 0010008, Cobb County
CCID-1029 and CCID-1030
Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.
The date of location approval is:
April 30, 2012
This project consists of the widening and improvements to Cumberland Boulevard between Spring Road and Akers Mill Road. The project lies entirely within Cobb County, Land District 17, Land Lots 846, 847, 861, 882, 912, and 949.
Cumberland Blvd is proposed to be widened from two lanes to three lanes in the westbound direction between Akers Mill Road and Cumberland Parkway. Additional left turn lane improvements will be made where Cumberland Boulevard intersects with Cumberland Parkway, the Cumberland Mall entrance, and Akers Mill Road. West of the I-285 bridge, Cumberland Boulevard will be restriped and resigned to better delineate which lanes become the left turn lanes for Spring Road and which lanes continue through the Spring Road intersection on Cumberland Boulevard. Minimal widening will be required to accommodate the through lane transition points.
All roadway widening is proposed on the north side of Cumberland Boulevard. New sidewalk will be constructed along the northern side of the road within the project limits. The project will include installing streetscape features such as street trees and landscaping, street and pedestrian lighting, street furniture, pedestrian plazas, corner treatments, and stamped asphalt crosswalks along both sides of Cumberland Boulevard from Akers Mill Road to Spring Road.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

In the city of Marietta, Georgia on the 5th day of June, 2012, between the hours of 10:00 am and 4:00 pm, there will be sold at the Cobb County courthouse, at the south end of the courthouse atrium, to the highest bidder for cash, the following property:

All that tract or parcel of land lying and being in Land Lot 321 of the 17th Street, 2nd Section, Cobb County, Georgia, being Lot 16, Block B, Stonebrook, Phase IV, formerly Cooper Hill, Unit II, Section 3, as per plat recorded in Plat Book 125, page 90, Cobb County records which plat is by this reference incorporated herein and made a part hereof, being improved property.

Said property is also known as 337 Stonebrook Way Mableton, GA 30126. The property will be sold subject to all easements, covenants, restrictions, and encumbrances of record.
The aforesaid property, or a portion thereof, may be possessed by Samuel Zamarron and/or Graciela Zamarron. The property is being levied on to satisfy the Fi.Fa. and the lien in favor of Stonebrook Homeowners' Association, Inc. transferred to Bradford Properties, Inc. (plaintiff in Fi.Fa.) against the property of Samuel Zamarron and Graciela Zamarron ("Defendant in Fi.Fa."). The Fi.Fa. was issued in the Superior Court of Cobb County, Georgia, Civil Action File No. 11-1-2903-34, levied on as the property of Defendant in Fi.Fa., notice of levy and sale having been given to the Defendant in Fi.Fa. as required by law. Bradford Properties, Inc. is foreclosing on its secured statutory lien pursuant to O.C.G.A. § 44-3-232.

Note: The judgment holder makes no declaration or warranty of the correctness or completeness of the above information. Said property will be sold subject to all state and county delinquent taxes, and no warranty, title as to defects of title or survey or liens and encumbrances or other title defects will be made in conjunction with the sale.
The Cobb County Sheriff makes no warranties whatsoever as to the above described property. The Sheriff specifically makes no warranty of title as to defects of title or survey or liens and encumbrances or other title defects in conjunction with the sale. The Sheriff reserves the right to reject any and all bids made, regardless of the amount, for the purchase of the above described property.
Purchaser shall pay all costs in connection with the sale.
Govern yourself accordingly.
This the 25th day of April, 2012.

NOTICE OF LOCATION AND DESIGN APPROVAL
STP00-0222-01(001), Cobb County
P.I. No. 752300

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is April 19, 2012.
The proposed alternative would modify the existing interchange at I-285 and Atlanta Road and would begin just west of the intersection of Atlanta Road and N. Church Lane and end at the intersection of Atlanta Road and Pine Street for a total length of 0.57 miles. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road for a total length of 1.67 miles. This project is located 100 percent in Cobb County (62% in Congressional District 13 and 38% in Congressional District 6) and Ga. Militia Districts 992 and 1568. The project is located within Land District 17 and Land Lots 748, 749, 750, 762, 763, 764, 765, 766, 767, 768, 815, 816, 817, 818, 819, 822, 840, and 841 in Cobb County.

The proposed improvements along Atlanta Road include replacing the existing twin bridges with a single, four-span bridge at approximately the same location. A double left-turn bay is proposed for Atlanta Road eastbound to the I-285 northbound entrance ramp. The northbound entrance ramp would be realigned and modified from a single lane ramp to a two lane ramp to accommodate the left turns. A single left-turn bay is also proposed for Atlanta Road westbound to the I-285 southbound entrance ramp. The southbound entrance ramp would be widened to allow for two lanes before merging to a single lane at the I-285 entrance gore. The I-285 southbound exit ramp would also be widened to accommodate dual left-turn and dual right-turn movements at the terminus.

Additional improvements to Atlanta Road include the construction of a deceleration lane on Atlanta Road westbound from east of the interchange to the I-285 northbound entrance ramp, and the construction of a third lane on Atlanta Road westbound to be added as a free flow right-turn lane from the I-285 southbound off ramp to Pine Street. A short segment of Log Cabin Road would require realignment as a result of the deceleration lane. The proposed lane widths would be 12 feet with 12 foot urban shoulders that include a 5 foot sidewalk. Furthermore, a dual left-turn lane would be provided from Atlanta Road to Pine Street in order to accommodate vehicles entering the West Village development from Atlanta Road westbound.

Improvements to I-285 are also included. An auxiliary lane would be added to I-285 southbound and northbound between Atlanta Road and Paces Ferry Road. To accommodate these proposed auxiliary lanes, the existing Orchard Road (CR 1921) bridge over I-285 would need to be reconstructed at its present location.
Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.

NOTICE OF LOCATION AND DESIGN APPROVAL
P. I. No. 0010008, Cobb County
Cobb County DOT Project Nos. CCID-1029 and CCID-1030

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location approval is April 30, 2012.

This project consists of the widening and improvements to Cumberland Boulevard between Spring Road and Akers Mill Road. The project lies entirely within Cobb County, Land District 17, Land Lots 846, 847, 861, 862, 912, and 949.
Cumberland Blvd is proposed to be widened from two lanes to three lanes on the westbound direction between Akers Mill Road and Cumberland Parkway. Additional left turn lane improvements will be made where Cumberland Boulevard intersects with Cumberland Parkway, the Cumberland Mail entrance, and Akers Mill Road. West of the I-285 bridge, Cumberland Boulevard will be restriped and resigned to better delineate which lanes become the left turn lanes for Spring Road and which lanes continue through the Spring Road intersection on Cumberland Boulevard. Minimal widening will be required to accommodate the through lane transition tapers.

All roadway widening is proposed on the north side of Cumberland Boulevard. New sidewalk will be constructed along the northern side of the road within the project limits. The project will include installing streetscape features such as street trees and landscaping, street and pedestrian lighting, street furniture, pedestrian plazas, corner treatments, and stamped asphalt crosswalks along both sides of Cumberland Boulevard from Akers Mill Road to Spring Road.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation.
